

# Youth-Impact Programs

Inspirement Tribe provides underserved and homeless children with free, comprehensive youth-impact programming that creates a pathway towards prosperity.

We design and deliver youth-impact programs that create the space for students to learn, connect, thrive and contribute to a better world.

## WHY INSPIREMENT TRIBE?

Our Youth-Impact Programs are...well, different. We focus on results and we are driven by impact. Combining social and emotional learning with our 4 Pillars To Prosperity, we create unforgettable learning experiences that truly equip students for academic success and the road ahead.

## WHY SOCIAL & EMOTIONAL LEARNING?

Over the last several years, multiple research studies have reported that social and emotional learning (SEL) programs pave the way for better academic learning. They teach children social and emotional skills that are intimately linked with accelerated cognitive development.

SEL has become a coordinating framework for how educators, families, and communities partner to promote students' social, emotional, and academic learning.

In the ideal learning environment, children are focused, fully engaged, motivated, and they enjoy the work they are doing. Similarly, caring relationships with teachers and other students increase students' desire to learn, and rich partnerships between parents and teachers help students to do better.

**Creating this climate in our Youth-Impact Programs is the hallmark of Inspirement Tribe.**
